## 2020 INDIE BLANC

Viognier 48%, Grenache Blanc 44%, Picpoul Blanc 8%

14% alc/vol

---

### **TASTING NOTES**

A new addition to the Indie line-up, Blanc makes its debut with style, grace, and tropical freshness. Straw and golden in color, this Grenache Blanc-led white blend bursts out of the glass with aromas of sweet guava and pineapple along with cleansing perfume notes of rosewater, sandalwood, and lilacs. The palate entry is filled with tropical mango and pineapple followed by a viscous flavor of preserved peaches. Mineral and lingering, an acidic finish of lime zest and kumquats serve as the exclamatory conclusion. In a beautiful balance between fruit-forward and refreshing, it's hard to imagine an activity that wouldn't call for a glass of Blanc.

### **VINIFICATION**

The Viognier and Picpoul Blanc were whole cluster pressed together and co-fermented in a stainless steel tank, slow and cold for 22 days. The Grenache Blanc was whole cluster pressed to a stainless tank and settled before racking down and fermenting in a combination of French oak barrels and stainless steel drums for 16 total days.

### **AGING**

All tanks, barrels, and drums were topped up and aged on lees for 2 months before being racked and blended into a single tank before bottling in February of 2021.

### **VINEYARD**

ONX Estate Vineyard - Templeton Gap District, Paso Robles
